

20 PER CENT CUT IN RAIL FREIGHT RATES

Western Roads Join as Rivals to Ship Lines

Chicago—Reductions of freight rates on certain commodities approximating 20 per cent has been decided on by all transcontinental railways west of Chicago, it was announced by G. W. Luce, freight traffic manager of the Southern Pacific Railway.

This decision was reached at a meeting of executive officers of all the roads affected. The reduction was decided upon to enable the roads to meet competition of the water lines operating through the Panama canal.

The westbound rates, it was declared, have been checked to apply from points in eastern defined transcontinental territories, groups "A" to "J" inclusive, to Pacific Coast terminals only. In addition to the concurrence of eastern carriers, it will be necessary to file applications with the interstate commerce commission for authority to apply the rates to terminal points only, which involves waiving of the long and short haul clause of the interstate commerce act.

Eastbound rates checked in will apply from Pacific Coast terminals and intermediate points to Eastern defined territory, groups "A" to "J" inclusive, and will be made effective as soon as concurrences are obtained. These rates will not be made to terminals, and therefore it will not be necessary to make applications to the Interstate Commerce Commission for waiver of the long and short haul clause.

The new eastbound rates will apply to beans, peas, canned salmon, canned goods, condensed milk, dried fruit and other commodities. The proposed westbound rates would affect canned goods, oil cloth, drugs and medicines, cotton piece goods, belting, hose, and rubber, iron, steel, structural iron, blank books, paper, roofing, sewing machines, soap and washing compounds and other commodities.

MAIL ROBBER CAPTURED

Roy Gardner Identified as Train Robber.

Sacramento—Roy Gardner, believed to have committed a string of mail robberies extending from Davenport, Iowa, to the Pacific Coast, was identified in the Sacramento City Jail by Mail Clerk Ralph Decker as the man who robbed a mail car near Newcastle last week. Gardner was captured in Roseville, near here, while engaged in playing cards. The bandit stoutly denied he was responsible for the Newcastle robbery.

Gardner, under sentence of twenty-five years' imprisonment in the McNeill's Island Federal Penitentiary following his conviction of stealing \$87,000 from the mails at San Diego in 1920, and who escaped in Portland while en route to prison, was armed when captured. Surrounded by officers with drawn revolvers, he surrendered without show of resistance.

VISALIA TO BE AERIAL BASE

Plans to Be Assigned for Forest Patrol.

Sacramento—Visalia has been chosen as the Southern California base for aerial forest patrol work and airplanes from Mather field will be assigned there in a few weeks, it was announced at Mather field.

Six airplanes, consisting of two patrols, will work out of Visalia, the announcement said, and a similar number of planes and patrols will be stationed in fire patrol work at Mather field. Three patrols, or nine airplanes, will be stationed at Corning, it was announced.

Definite data for the opening of the patrol season are yet to be set, but the work is expected to begin within the next twenty days.

BRITISH TO QUELL TROUBLE

Four Battalions of British Under Orders to Silesia.

London—Four battalions of British infantry are under orders to proceed to Upper Silesia from the Rhine, and it is contemplated, if possible, to increase this force, Austen Chamberlain, Government spokesman, told a questioner in the House of Commons.

Urgent representations have been made at Warsaw by the Ministers of the three allied powers, Chamberlain said, but the evidence at the British Government's disposal renders it difficult to form a definite opinion regarding the recent aggression in Silesia.

San Francisco—District Attorney Matthew Brady in assembling data and evidence given before the Grand Jury in the Thomas Mooney case, which he intends to forward to Governor William D. Stephens, according to a statement made in Superior Judge Harold Louderback's court, during a hearing on the case, by Assistant District Attorney Milton U'ren. U'ren strongly intimated that the evidence submitted would be accompanied by an appeal for a pardon for Mooney.

WILLIAM D. RITER

William D. Riter of Salt Lake City, Utah, a prominent attorney, who has been appointed assistant attorney general of the United States. This is his first public office.

TO SEARCH FOR THE MISSING CONESTOGA

Warships Will Comb Sea for Lost Navy Tug

San Diego—A fleet of thirty-six destroyers and three cruisers left this port last week to begin a further search for the Pacific fleet tug Conestoga, which left Mare Island for Samoa late in March and has not been directly reported since, although naval officers have heard that the little vessel was trying to ride out a gale some 500 miles from Honolulu on April 8. Plans announced before the vessels left port made it plain that a thorough search was contemplated.

A rendezvous was set at a point near the position off the Lower California coast in which the Admiral liner Senator reported that it picked up a lifeboat believed to have been from the Conestoga and in which some of the tug's thirty-two officers and men may have tried to reach shore. The vessels will continue steaming eastward toward the Hawaiian Islands until about 1000 miles from the Lower California Coast, then swing northward for 300 miles and then come back toward San Diego.

Three mine-sweepers and the fuel steamer Kanawha were sent out as an additional division to search various islands and shorelines on which the missing tug or its wreckage may have been swept.

Hunt to Continue to June 1. Unless some trace of the tug is found before that time, none of the small fleet is expected back here before June 1, a fact that may necessitate several changes in the summer fleet schedule already mapped out.

FIVE BILLS FOR VETERANS

Governor Signs Measures Granting Privileges to Ex-Service Men.

Sacramento—Five bills drawn in the interest of veterans of the late war were among the thirty-six measures signed last week by Governor William D. Stephens.

The most important of the five was S. B. 935, by Senator J. L. C. Irwin of Hanford, authorizing boards of supervisors to levy a special tax for the construction of memorial halls, homes and meeting places for ex-service men.

Another measure, S. B. 976, by Senator E. S. Rigdon of San Luis Obispo, provides that money derived by the state through the sale of delinquent tax property be used for the education of war veterans and orphans of veterans.

Two of the bills, A. B. 906 and 909, give boards of supervisors the right to exempt ex-soldiers from the payment of certain license taxes, and S. B. 25 exempts soldiers from the payment of fees for filing and recording documents.

The governor also signed A. B. 1267, which makes it a misdemeanor for any person not so authorized to wear the badge or insignia of the Grand Army of the Republic, American Legion or Veterans of Foreign Wars.

A group of bills changing the boundaries of certain fish and game districts in the south and restricting the catching of clams, lobsters, abalones and certain kinds of fish, also were signed.

A group of bills substituting the Industrial Accident Commission for the State Bureau of Labor Statistics as the agency for the promulgation and enforcement of safety orders was signed by the Governor. One of the measures provides for temporary floors for the use of workmen in buildings under construction.

Highway Superintendent H. L. Leventin has announced that the Placerville-Lake Tahoe road is open to travel to the forty-four-mile stone, but will not be open over the summit until May 30 or later. Tourists are advised not to attempt passage until official announcement of the opening is made.

CALIFORNIA NEWS ITEMS IN BRIEF

Paragraphs of Interest to Readers of Golden State

A big can company is about to locate in Oakland.

Several California high schools have installed monotype equipment in the vocational departments.

Patrick Hurley, laborer, choked to death on a piece of rib steak in a San Francisco restaurant.

The largest wooden bridge on the Camino-Pino Grande Railroad, which was recently destroyed by fire, is to be rebuilt at once.

George E. Guerne, one of the pioneer residents of Sonoma County, for whose family the town of Guerneville was named, died recently.

Awards have been made by the State Highway Commission for the construction of the two bridges across the Big Tejuca river between San Fernando and Monte Vista.

Autoists of central California herald with joy the announcement that Butte county will expend nearly a quarter of a million dollars on improving roads. This is part of the \$1,800,000 bond issue.

In spite of the low price of rice, 500 acres have been seeded in the Paulsell section in one holding. This rice field will be irrigated from the Waterford Irrigation district instead of the Oakdale district.

Edwin Young, of Livermore, has been declared the winner of Las Positas Parlor of Native Sons of the Golden West trophy for the best essay on California history written by a high school student.

The board of trustees of the Porterville Union High School have accepted the plans for a new \$270,000 high school building, for which bonds were voted May 20, the issue being for the sum of \$365,000.

Alleging that I. W. W. are creating sentiment against peace and order, the residents of Knights Landing, a river port eight miles from Woodland, in Yolo county, have complained to Sheriff J. W. Monroe.

C. Vincent Riccardi, San Francisco attorney and star witness in the recent San Francisco graft investigation, whose sentence was commuted by Governor William D. Stephens, emerged from San Quentin a free man.

Approximately 250 courses in thirty-four separate collegiate departments will be offered at the University of California summer sessions to be held from June 30 to July 30, according to announcement of Dean Walter M. Hart.

Mrs. Bertha C. Cady, head of the biology department of the Chico State Normal School, has been named to direct the promotion of social hygiene instruction in the schools of California, with headquarters at Stanford.

John Farnham, for many years Public Administrator for San Francisco, and previous to that Sheriff of Solano county, died after a short illness at his home in San Carlos, San Mateo county, recently. He was 81 years old.

Several miners have arrived with heavy sacks of gold dust taken from the gravels of Butte county. An aged prospector has what he believes to be a karat diamond. This find was made in the Oregon Gulch district, twelve miles north of Oroville.

Plans for the first unit of the group of structures to be erected by the Young Women's Christian Association at Los Angeles have been completed and actual construction of the building, a six-story class A structure, will be started early next month.

By an overwhelming majority, the school bonds at Escalon were carried, the vote being 294 for and 84 against the issue. The election was to decide whether the district should issue bonds to the extent of \$85,000 for the erection of a union school and the price of a site.

The drastic anti-gambling license passed recently by the Plumas county board of supervisors has been rescinded, with Supervisors A. R. Jacks and R. L. Erwin protesting such action. The majority vote directed the district attorney to submit a new and modified ordinance.

The William H. Nichols medal for 1920, one of the highest honors in American chemistry, has been awarded to Dr. Gilbert N. Lewis, Dean of the College of Chemistry of the University of California. The honor was bestowed in New York before the American Chemical Society.

Carrying a cargo of California flour and other foodstuffs and bales of clothing for the Armenian sufferers, the steamship Esther Dollar will leave San Francisco June 6 for Constantinople, according to plans of the Northern California unit of the Near East Relief organization.

MISS DUNCAN HONORED BY FRIENDS

Mrs. T. L. Mendel entertained a company of twenty young people Saturday afternoon at a surprise shower for Miss Marion Duncan.

One feature of the afternoon's entertainment was the filling in of blanks in a "Floral Love Story" with the names of flowers and plants, Miss Joyce Robson being successful in guessing the greatest number of these.

Dressing miniature clothespins as brides created much amusement, and the awarding of the prize was fully as amusing, the decision being made by a "mere man". Mrs. Frank Coupland won the decision.

The presentation of the gifts was done in a very attractive way by a bridal procession composed of Ruthie Townsend as bride and Annette Merrill and Margaret Carter as attendants, bearing a large tray heaped with parcels. The bride presented Miss Duncan with her bouquet and then gifts were opened and duly admired.

The same little folks very gracefully assisted the hostess in serving the refreshments, which concluded a very jolly afternoon.

Tuesday of last week the N. & S. Club of Los Gatos Road enjoyed a meeting at the home of Mrs. A. B. Townsend which was made the occasion of a miscellaneous shower for Miss Marion Duncan.

The house was a veritable bower of pink roses and pink sweet peas combined with ferns. Miss Jessie Lewis read some charming verses and then an original fairy story was read in which a wishing wand was presented to the guest of honor and its use produced a shower of beautiful gifts.

Miss Duncan favored the company with solos and a service of refreshments completed a very happy afternoon.

FESTIVAL OPERETTA HIGHLY PRAISED

This year the C. U. H. S. staged as its May Festival the operetta, "The Windmills of Holland," thereby departing from the custom of previous years when dramas and pageants have been presented. Notwithstanding the high encomiums that these former productions have earned, many of those who attended the presentation of this operetta considered it the best entertainment ever presented by Campbell talent.

This success was due to Prof. Josef Halamecek who trained the students in the musical numbers, and to Miss Emerson and Miss Boesch who were responsible for the dramatic side. The painting of the scenery was in charge of Miss Johnson of the Art Department and was of great merit, as were the costumes produced by Miss Sprecher and the girls of the sewing classes. Messrs. Keusch and Kimball were responsible for the stage and scenery construction.

The cast of characters included: Mynheer Hertogenborsh, (rich farmer), Raymond Hulsmann. Vrow Hertogenborsh (his wife), Lucile Strong.

Hilda (their daughter), Helen Lumb.

Wilhelmina (their daughter) Vivian Gill.

Hans, John Pardee.

Franz, Joe Heinzen.

Bob Yankee (American drummer), Graeme Peake.

Katrina, Pauline Blaine.

Extra Solo, "Little Miss Wooden Shoes", Miss Helen Kalas.

Chorus:

Margaret Wood, Ruth Miller, Anna Lund, Gladys Merriman, Mary Devitt, Katherine Farwell, Irene Metzler, Lucile Rogers, Rose Davidson, Lillian Davidson, Frances Duncan, Edward Day, Verne Lawyer, Forrest Von Dorsten, Fred Heinzen, Franklin Blaine, Willard Farr, David Strom, Alvin McCoy, Chester Hultberg, Irving Townsend.

Patrons of the Campbell High School and residents of this community are proud of the character of entertainments presented by the school, and this one has been added to the roll of honor.

STATE EDITORS VISIT GRAND CANYON AND ARIZONA PETRIFIED FOREST

Annual Excursion Proves Most Enjoyable Outing for Scribes and Wives in Years

Yes, friend wife and I are home from the Grand Canyon and Petrified Forest of Arizona, and we feel quite natural and at home after our travels. It was a most enjoyable trip that we had, too, with that jolly bunch, the California Press Association. The party left San Francisco Sunday morning in three chartered cars under the chaperonage of President Friend W. Richardson and wife. The weather was ideal throughout the excursion and had surely been ordered by the Fred Harvey service which also furnished the most enjoyable eats en route.

At Hanford the party was treated to flowers. Vice President Justus Cramer brought aboard two boxes of choice Riverside oranges when the Southern California delegation joined the party at Barstow. Kingman, Arizona, C. of C. presented each member of the party with a box of fancy cactus candy, a delicate confection manufactured there from a peculiarly shaped cultivated cactus.

Too much cannot be said in praise of the Harvey eats and the courtesy shown the party by the Santa Fe road and employees. Mr. Johnson, agent for the company and chief information bureau, added much to the enjoyment of the trip.

We arrived at the Grand Canyon Monday evening and ascended the short incline to the rim, there to behold the greatest example of erosion in the world, the most awe-inspiring sight to be seen by man. At this point, in front of El Tovar hotel, one views the opposite rim 13 miles north thru space, and several mountains within the canyon below.

The width of this famous gorge varies from 8 to 20 miles, averaging almost a mile in depth.

The varied hues of the strata are constantly changing with every light and shadow and the effect is most inspiring. The rim trails afford several view points on the same section of the canyon. While there we were able to see the canyon in all sorts of weather, sunshine, rain hail, and snow and each setting had its beauty points. Thunder was heard roaring in the canyon several times.

The party arrived at Adamana near the largest and most spectacular outcropping of the Petrified Forest Thursday morning and motored 10 miles to the forest. No trees are standing and the hardest vegetation scarcely gets above ground. Acres of this desert region are covered with logs and broken trees, some of them 200 feet long. The broken ends show a riot of colors, red predominating; little or no grain is shown in these giants of prehistoric times and they look much like molten masses. Some trees are so disintegrated that the ground resembles a huge flower bed of every color scattered about, pieces varying from small grains to the size of ones hand. In other places the trees are broken in long sections. These larger logs are several feet in diameter.

The party started on its homeward trip that night bearing large consignments of rocky evidence of this million year old wonder region.

After seeing the wonderful aged canyon and the marvelous miracle forest one may well consider the psalmist's phrase, "What is man that Thou art mindful of him?"

NEFF-FRISBEE

On the evening of May 4th 1921 Miss Minnie M. Neff, of Campbell California, was united in marriage to Mr. J. Charles Frisbee of Denver, Colorado. The ceremony was performed by the Rev. William C. Isett, at his residence in Long Beach, California.

The bride is the only daughter of Mr. and Mrs. John H. Neff, who have been honored residents of California for thirty two years, being residents of Campbell for twenty six years of that time.

The marriage is the culmination of a warm friendship existing between the two families for a number of years.

The groom was president of the Frisbee Honey Co. of Denver, Colorado for over thirty years, doing business extending widely over the western part of the United States.

During this whole period he was an active worker in the South Broadway Christian Church, filling the offices of Chief usher, Deacon, and church librarian, the Church and Bible School presenting him with a diploma for twenty years of faithfulness.

For twenty five years he edited and published at his own expense "The Christian Messenger", an able magazine, devoted to the activities of the Christian Churches of Denver and the State of Colorado. He was founder of the publication, January 1st 1894.

He is the son of the Hon. Rufus K. Frisbee, the first Elected Superintendent of Public Instruction of the State of Colorado, one of the founders of the Northwestern University of Chicago, a banker and mayor of the City of Polo, Ill., for twenty years.

Last year he spent nine months in the Southland, visiting the Frisbee Plantation near Norfolk, Virginia.

Since last December he has been visiting his many relatives and friends up and down the coast between San Francisco and San Diego.

Mr. and Mrs. Frisbee are located for the season in their cozy cottage at 635 Pacific avenue, Long Beach, Calif. Early in the summer they expect to take a boat trip to San Francisco, by

OPENING OF NEW DEN O' SWEETS

The Downing "Den O' Sweets" will celebrate its formal opening Friday evening June 3rd. The interior has been completely altered and an attractive interior pergola service room tastily arranged. The rooms are finished in white enamel giving a delightfully cool and clean appearance.

A new efficiency fountain has been installed with all the latest appliances necessary for the service of all dainty delicacies.

The management is putting forth every effort to make the "Den O' Sweets" one of the most popular refreshment parlors of the west side and judging by the attractive appearance and convenient service arrangements there is every reason to believe their success is assured.

The newly adopted name, "Den O' Sweets," is one to conjure with and on second thought it makes one fairly long to get there and acquire ownership of some of those sweets.

During the opening sweet music will be rendered by the Allen Ferguson orchestra.

Here's success to the "Den".

GOVERNOR STEPHENS WILL ATTEND PICNIC AT SARATOGA

The Santa Clara County division of the Farmers' Educational and Co-operative Union members will hold their annual picnic on Saturday, June 11th, at the beautiful grounds of the I. O. O. F. home. The principal speakers will be Governor Stephens and State President J. J. Hardie; the latter will tell of the aims, purposes and work of the Union. Further announcements will be made next week.

steamer and from there to the old home at Campbell.

Their many friends will wish them much joy in their newly acquired happiness.

STEAM SHOVEL WORK IS COMPLETED

The road master, Harvey Chan-
dler, who is in charge of the con-
struction work up the canyon
highway, announces that the
steam shovel is through its work.
The shovel will be used to open
up the right-of-way on the south
side of the creek from the Knowles
gravel pit down in front of the old
works of the Quality Sand & Rock
Co. property, after which the
shovel will be brought to Saratoga
and cut down the hill leading into
the Foothill Club house.

Saratoga Star.

R. W. Mills and family are at
Seabright for a short time. Mr.
Mills is working at the carpen-
ter's bench erecting some cottages
for the summer visitors.

Campbell high crossed bats with
Los Gatos yesterday afternoon,
defeating the visitors by a 10 to
4 score. This leaves little question
as to which is the stronger team.
It was the last game of the season.

The seniors of Campbell High
celebrated annual "sneak day"
Wednesday, stealing away to the
Big Basin in the wee sma' hours
of the morning. The party was
chaperoned by Principal Cramer
and Miss Johnson of the faculty
who were kidnapped by the class
for the occasion.

The annual meeting of the For-
eign Missionary Society will be
held at the Congregational church
Thursday afternoon, June 2, at
2:30. This will be in the nature
of a thank offering for the re-
markable growth of the work.
The Rev. and Mrs. R. B. Hum-
mel, recent mission workers in
Africa, will be present and give
talks on the work. A cordial in-
vitation is extended to all inter-
ested in this good cause.

In San Jose, \$1-Day has passed.
But \$1-Day has come to stay at
Whitman's.

CONSIDERABLE COMPLAINT HAS BEEN heard
from time to time concerning the Prune and Apricot
Growers, some of it made by members and some by non-
members. During the sign-up campaign, the solicitors
were deluged with complaints which greatly retarded the
drive. Among those growers who were most enthusi-
astic and active in the campaign and accomplished much
toward the sign-up, were Jas. Turner and W. T. Hobson.
A campaign is now on to elect a new voting board for
the association, and every association member in this
section of the Valley should make every effort to elect Mr.
Hobson and Mr. Turner as their representatives on this
board. Their interests are yours, and your interests are
the strengthening of the association. Make it a unani-
mous vote for these boosters from the west side of the
Valley.

SINCE THE EFFICIENCY OF OUR COUNTY
Road Department has been curtailed, for some cause or
other, it behooves the Campbell business men and boost-
ers to constitute themselves a clean-up committee. The
streets, formerly cleaned by a county crew under the road
supervisor, are in a deplorable state of uncleanness, and
need immediate attention. Now that the motor season
is in full swing, the credit of our town is greatly enhanced
by clean streets. Clean up!

Memorial Day Program

LOS GATOS

Monday, May 30, 1921

Comrades of the Grand Army of the Republic, and members of
the Woman's Relief Corps, will meet at I. O. O. F. Hall at 11 a. m.
for lunch.

American Legion and their Auxiliary will meet at W. O. W.
Hall at 11 a. m. for lunch.

Column will form on Santa Cruz Avenue at 2 p. m. sharp

All civic societies and the public in general are earnestly and
cordially invited to join us in these services.

School children will meet at the school house on University
Avenue at 2 p. m. sharp and will be conducted to Santa Cruz Ave-
nue to lead the march.

Line of march will be from Santa Cruz Avenue down Main
Street to the Methodist church.

Chief Marshal, P. O. Needham; Assistant Marshals, Mrs. Cecil B.
Hall, principal in charge of the school; Dr. Mary J. Lofdel, in
charge of W. R. C.; Ray Spolleder, in charge of Legion; Mrs.
H. O. Smith, in charge of Legion Auxiliary.

PROGRAM AT GROUNDS

Duty of the Day	Post Commander

Benediction	Rev. A. C. Shepherd

Comrades' graves at the cemeteries will be decorated by Com-
mittees from E. O. C. Ord Post in the morning at 9 o'clock sharp.
Conveyances will leave Post room at 8:30 flat.

EMPTY LIFE BOAT FOUND

Mute Evidence of Probable Fate of
the Conestoga

San Diego—Mute evidence of the
gallant fight made by the crew of the
ill-fated United States naval fleet tug
Conestoga after their craft had found-
ered en route from Mare Island to
Pearl Harbor, Hawaii, was found in an
upturned lifeboat off the Lower Cali-
fornia coast by the steamer Senator,
according to a radiogram received by
Rear Admiral Roger Welles from
Captain Sobst of the Admiral Line
steamer.

BUILDING TRADES TIE-UP.

San Francisco—More than 50 per
cent of the State of California is fac-
ing a closing down of building activ-
ities, to be effective in several outside
cities not later than June 1, according
to the Builders' Exchange. Charles
W. Gompertz, president of the ex-
change, says that reports from the
Builders' Exchanges that have affili-
ated with the State Builders' Ex-
change promise complete co-operation
with the contractors of San Francisco.
From the Building Trades Council's
side of the controversy comes the
word that it will be impossible for the
Builders' Exchange to effect a State-
wide lockout.

The American Consul at Tsingtao,
China, announces the organization of
an American Chamber of Commerce
for that city.

Rev. W. E. Eckles was here
Tuesday from Santa Cruz enroute
to the district church convention
at Palo Alto. Rev. Eckles has
been supplying in the home mis-
sionary field.

CLUB TAKES VACATION

The Sunnyside Club held one
of its live interesting meetings
last Monday evening at the Hun-
tley home on Sunnyside Ave.

After the business was dispos-
ed of the entertainment com-
mittee furnished a very pleasing
program.

A basket supper furnished lots
of amusement, where the men
drew their baskets (also their
partners) by number.

With their coffee the guests
were served with mysterious
looking pink hearts which bore
the names of Miss Ruth Duning
and Oakley Sage.

Congratulations were showered
on the happy couple with best
wishes for a long and happy life
voyage.

As the busy season, the Club's
vacation time, draws near, the
members are unanimous in de-
claring the Club a success and in
their wish to convene again in
September.

The members have been drawn
close together in ties of friend-
ship—our neighbor has ceased to
be merely a face and a name, and
has become a brother with a
brothers right to help and be
helped.

Long live the Sunnyside Club
and all such Community Brother-
hoods!

A request by Representative Frost
of the state board of forestry for \$1500
from the taxpayers of Butte county
for the suppression of forest fires in
the county has been taken under ad-
visement by the board of supervisors.

WORK AND PLAY

Some bright person remarked the other day that
the science of living consists not so much in knowing
what to do, as what to do first. As between work
and play, for instance, we usually put work first, and
feel sure we are right about it.

Yet there is argument on the other side. We
all played first. We played as children. Mind and
muscle were developed by play for the future strains
of work. Still, it was the work of the parent that
made the play time and toys of youth possible. So
work seems to come first, however we look at it.

There is a growing school of opinion, neverthe-
less, that Americans, adult Americans, fail to get
enough play. The ideal combination, we are told,
is the good sense of maturity plus the play spirit of
youth, because the play helps to keep us young. And
most of us are willing to make any reasonable sacri-
fice to avoid feeling old—even the sacrifice of time
enough to play!

As an example of the proper spirit of play, notice
the abandon of the average child. How care-free.
Nothing to worry about. Dad pays the bills. But
who is going to pay the bills so that dad can play too?
Dad himself. Now comes the part of the bank.
Money has been called condensed labor. The bank
is where dad puts money—call it work in storage—
wealth that makes possible many desirable things.
The prudent dad plans it all ahead—so much for this,
for that, for the "rainy day," for recreation, a sinking
fund for old age. Nothing to worry about. Intelli-
gent optimism. Time to play. How inevitably it
all points to the foundation of a Savings Account!

Who are Your Neighbors?

Farming is not such a simple business after all. It requires time and experience to master its details. So the farmer must learn as he goes along.

The other man's experience is one of the cheapest things you can get. Keep an open mind. Ask questions. You are not compelled to follow all the advice.

Consider this also. The men here in the Growers National Bank are your neighbors also. You can discuss with them your problems in a neighborly way.

Personals and Locals

Perfection, Dangler and Puritan Oil Stoves, at Whitman's.

Miss Barbara Dow will spend the week-end holidays at Cloverdale at a house party.

Don't forget the Concert and social, Saturday evening May 28, by the Campbell Boys' Band.

Closing out at Cost—Auto Tires and Tubes, at Whitman's.

The Geo. Baldwin family moved into the P. Gross house on Rincon avenue, Saturday.

Mrs. Virginia Bryant came from San Francisco Tuesday to spend a week with Mrs. Minnie Lewis.

Camp Stools, Chairs, Stoves and Dishes, at Whitman's.

The D. H. Cramer and E. R. Kennedy families and Mrs. G. B. Rodeck will spend the week-end at Mt. Hermon.

Mrs. Jas. Donahue is here from Buck Meadows for a visit with her parents, Mr. and Mrs. F. E. Duncan, and family.

Miss Doris Leviston was down from San Francisco for the week-end with her uncle and aunt, Mr. and Mrs. Geo. Phelps.

Mrs. Gus Lancaster and baby returned home to Santa Cruz today after a visit with Mr. and Mrs. J. W. Lancaster.

F. R. Glover underwent an operation for appendicitis Friday morning at Santa Barbara. By last reports he is steadily improving.

Mr and Mrs. W. E. Reichert and little daughter, Helen, of Lower Lake, spent the week-end here with relatives, the Joseph Bohnett clan.

Mobile Oils and Greases for Autos and Tractors at Whitman's.

Geo. E. Hyde made a business trip to Los Angeles this week returning Wednesday. He was accompanied by his son, Dr. C. E. Hyde, of San Francisco.

Mrs. A. H. Osborne went to Oakland Wednesday as a delegate from Campbell Home and School Club to the annual session of the Congress of Mothers.

Mrs. Louis Shelly went to Oakland to attend the annual meeting of the State Congress of Mothers and Parent-Teacher Association this week. Mrs. Shelly is a delegate representing both the Cambrian and Campbell High school P. T. A.

If it is in the Stove or Range line, Whitman has it.

Friends of Mr. and Mrs. R. Alison recently visiting here remarked that in all their travels of seeing California the Santa Clara Valley was the most beautiful. If they carry that word back to "ol' Missouri", the effect will be more good citizens in our midst.

Mr. and Mrs. F. D. Clark, who recently arrived from Flandreau, S. D., are now located in the Frank Merrill cottage recently vacated by R. W. Mills. Mr. Clark is a stationary engineer and hopes to secure a position close to Campbell. He is now helping his brother-in-law, E. E. Arnott.

Mr. C. L. Johnson had the misfortune to fall last week fracturing two of his ribs. He is able to be about again but none to active as yet. Mr. Johnson plans to leave the latter part of next week for Alaska where he will remain for five months looking after the John Brynteson mining interests.

Sunday is Memorial Sunday and the union Memorial services will be held at the Methodist church at 11 o'clock; Rev. F. C. Farr delivering the sermon. A most cordial invitation is extended to all ex-service men, old and young, to attend this service. Special music will be rendered by the choir.

Miss Amy Farley is home from California School of Arts of Berkeley for her summer vacation. Another of Campbell's girls has made an honorable record. Miss Farley took the prize in the water color display of the school and by her record for the year's work has earned the coveted scholarship at this school for the coming year.

CLUB ELECTS DIRECTORS

Another year's history of the Country Woman's Club was completed Monday with the election of directors for the year 1921-22.

The reports of the retiring officers showed that the club has enjoyed a successful year in every way. There has been a gratifying increase in members who are interested in the real objects for which the club stands; a year's program of worth while topics, well handled, has sustained the creditable reputation earned in former years; and the care of the library and reading rooms has been well conducted.

After the reading of the several reports the election of the directors followed, resulting in the choice of Mrs. Ellen R. Smith, Mrs. Helen Dodge, Miss Jessie Lewis, Mrs. Robert Parkhill and Mrs. Mary Lamphear.

The program committee then served ice cream and cakes and the ladies enjoyed a social time.

At the next meeting, June 6th, the members are earnestly requested to be present and offer suggestions for the program for next year.

George Lanphear developed a case of diphtheria Tuesday and the family in quarantine.

Mr. and Mrs. J. A. Moore will spend the week-end at San Francisco with Mr. Moore's brother.

Mr. and Mrs. W. T. Alexander accompanied Dr. F. B. Carpenter to San Francisco where Mrs. Alexander will remain for some time. Mr. Alexander returning yesterday.

Mrs. D. H. Cramer entertained the faculty of the high school at luncheon yesterday noon, which they are unanimous in declaring a most delightful affair.

Born to Mr. and Mrs. C. G. Kennedy, Friday, May 20, a son, Stephen Douglas, named after his great-great-grandfather. The Kennedy-Billings-Inman families are all proud of the new great-grandchild who is to be standard bearer for the Kennedy name and fame.

The A. V. McCarty, C. H. Day, R. Alison, C. Archibald, Wm. Binder and H. C. Smith families and Mrs. H. P. Wilkins will make up a house party for the week-end at the A. V. McCarty Mountain Home Ranch in Santa Cruz mountains.

The "Gophers" are planning another of their big picnics at Alum Rock Park on Saturday, June 4th. All former residents of Minnesota are cordially invited to attend the picnic. Bring your basket lunch and enjoy the outing. Coffee and ice cream will be furnished.

The C. E. Society of the Congregational church gave a most enjoyable shower party at the Manse last evening in honor of the Misses Marion Duncan and Merle Cutting. The evening was spent in games after which the honor guests were presented with pretty silver bread trays.

Ed. Arnott, who came to Campbell some time ago, is erecting a modern up-to-date home on his lots in the Hyde residence tract. Mr. and Mrs. Arnott are a desirable addition to our community. Mr. Arnott having been principal of a school in the east for several years, and they are naturally interested in the educational and civic advancement of Campbell.

Mrs. F. E. Duncan and Mrs. Jas. Donahue entertained an informal party of young friends and relatives Tuesday evening in honor of Miss Merle Cutting. The occasion was a miscellaneous shower for her and after a series of games, Miss Cutting was ushered in to guess a puzzle. When the proper guess "shower" was made, the gifts were brought in by Mrs. Duncan.

CALIFORNIA NEWS ITEMS IN BRIEF

Paragraphs of Interest to Readers of Golden State

Arcadia is to have a \$75,000 school.
Ontario is organizing a new country
club.

Vallejo's new \$75,000 Labor Tem-
ple was dedicated last week.

Herbert C. Tuck, many years editor
of the Socialist World died last week,
in Oakland.

Moreno is to build a telephone line
connecting that community with the
Riverside lines at the top of Box
Springs grade.

Risking his life, Philipp Bomar, a
negro policeman of Los Angeles, res-
cued nine members of a family from
probable cremation during a midnight
fire recently.

Enforcement officers from San Fran-
cisco captured a still in the hills back
of Dry Creek, west of Healdsburg.
They seized ten gallons of brandy and
arrested Paul Cavallo.

The City of Richmond, an automo-
bile ferry-boat constructed for the
Richmond-San Rafael Ferry Company,
was launched from the Robertson
Shipyards last week.

Damage estimated at \$250,000 was
done at Long Beach by fire which prac-
tically destroyed the buildings occu-
pied by the Colonial Chocolate com-
pany and the W. L. Lyndes company,
cement contractors.

An attempt is being made by the
California Cattlemen's Association and
the Stockmen's Protective Association
to have an additional lookout provided
by the State Forestry Department for
Mount Oso.

Thieves smashed the show windows
of a Riverside jewelry store, removed
the contents of the display cases,
then walked across the street to a
competing store and repeated the op-
eration making good escape.

Several hundred leaders in commer-
cial and industrial circles in the state
attended a conference in Sacramento
on State-wide development called by
the Federated California Development
Board and California Industries Asso-
ciation.

Mrs. Elizabeth Wilson, nineteen-
year-old bride, was shot and seriously
wounded at Oakland by her youth-
ful husband, Albert Wilson, as she
stepped from an automobile follow-
ing a trip to San Jose. Jealousy was
the cause.

Record attendance marked the an-
nual conference held last week of the
Evangelical churches of San Francisco
and Los Angeles in the recently com-
pleted Evangelical Church of Port-
erville, with Bishop S. P. Spreng of Chi-
cago in charge.

Jay C. Bruce, mountain lion hunter
for the Fish and Game Commission re-
cently killed two large lions near Ice
House hill. The lion measured seven
feet from tip to tip and the lioness was
five and one-half feet.

Two thousand delegates to the State
convention of Odd Fellows and Re-
bekahs gathered in Oakland recently
at the Municipal Auditorium Theater
to attend the reception in their honor,
given as the final social function of the
second day of the convention.

Roy D. McCallum, who for the past
two and a half years has been Assis-
tant Farm Advisor of Stanislaus
County, has recently been appointed as
acting farm advisor of Placer County
to fill the vacancy occasioned by the
departure of E. O. Amundsen for
Africa.

George H. Whisler, a member of
this year's graduating class at the
San Francisco Theological Seminary,
was ordained to the ministry and
installed as pastor of the First Pres-
byterian church of Palo Alto at a
special service held at Palo Alto last
week.

Mrs. William Baker, former resi-
dent of Fresno, died at her home in
San Jose following a second stroke of
apoplexy last week. Her husband, who
was for several years a member of
the Fresno High School faculty, is in-
structor of mathematics in the San
Jose State Normal school.

Secretary Denby has notified Sen-
ator Shortridge that a war vessel
would be supplied by the commanding
officer of the Pacific fleet to carry
civil war veteran organizations out
through the Golden Gate on Memorial
day to strew flowers over the water
in honor of the sailor dead.

Albert E. Davis, resident of Live
Oak for the last sixty-seven years, died
recently from the effects of a stroke of
paralysis which made him a helpless
invalid a year ago. He was 71 years
of age, a native of Missouri, and came
to California in 1854.

A trunk containing 250,000 tablets
of cocaine and morphine, worth \$150,-
000, the largest seizure of illicit drugs
ever made in local police annals, was
taken from the Wells-Fargo Express
Company's building in San Francisco
last week by the police. It was billed
to a fictitious address.

George Gilbert, Lodi assayer,
found a silver pocket knife near
Volcano, Amador county, last week.
Although the knife is badly tarnished
polishing brought out the name of J.
Wesley, 1746, and the words "ster-
ling silver." The assayer was wash-
ing over some placer dumps when he
discovered the relic in the bottom of
his pan.

Tire Mileage at the Lowest Cost in History

Plus war tax. Other sizes reduced in proportion

These Prices Apply to Our Regular and Complete Line

Price unsupported by value never is an advantage to any but the man who sells
to make a quick "clean-up" and quit.

A reputable, unexcelled mileage tire made by a company that can and will deliver
all and more than you pay for is the only one you can afford to buy.

Sold only by Dealers

A New Low Price on a Known and Honest Product

DISASTROUS FIRE AT MANILA

15,000 Made Homeless by Flames

Manila—Fifteen thousand were ren-
dered homeless here by a fire, the
most destructive here in more than
twenty years, which destroyed three
thousand houses in the northern sec-
tion of the city, a native quarter
known as the San Lazaro district.

Several bodies have been found in
the ruins.

Police roughly estimate the loss at
\$3,000,000. The razed area consisted
mostly of small native houses, occu-
pied as dwellings that extended over
thirty acres.

American sailors from the flagship
Huron of the Asiatic fleet and Ameri-
can soldiers from the Manila barracks
were cheered by thousands as they
marched into the burning district to
assist in fighting the flames. They
razed houses surrounding the area,
making a fire-break, which halted the
progress of the fire.

Red Cross workers are assembling
food and clothing for the thousands
of homeless. An initial appropriation
of \$10,000 was made by the city coun-
cil for relief work, and subscription
lists have been opened.

VOCATIONAL AGRICULTURE

Instructors to Offer Teacher-Training
Courses

Berkeley—Twenty-four instructors
will offer nineteen teacher-training
courses in vocational agriculture at
the University of California summer
session at the Chaffey Junior College
of Agriculture at Ontario, it has been
announced. An outline of the work in
rural institutions, agricultural educa-
tion, education, agricultural engineer-
ing, animal husbandry, citriculture,
pomology, poultry husbandry and en-
tomology, has been given.

Professor F. L. Griffin, director of
the summer session training courses
in vocational agriculture, said:
"These courses, to be held during
the six weeks from June 20 to July 30
of this year, are designed to prepare
teachers and prospective teachers of
agriculture in California schools to
meet the certification requirements of
the California State Board of Educa-
tion."

NOTED PSYCHOLOGIST KILLED

Dr. Hayden Rochester Crushed to
Death by Auto

San Francisco—Escaping injury
when the car in which he was riding
overturned on the La Honda-Halfmoon
Bay road, Dr. Hayden Rochester, 42,
noted lecturer on psychology and psy-
cho-analysis, living in San Francisco,
was crushed to death an hour later,
when he was pinned against an em-
bankment alongside the road by an
automobile whose occupants he had
attempted to warn of danger ahead.

AIRPLANE IN BOOZE TRAFFIC

Vancouver, B. C.—United State pro-
hibition agents have notified Canadian
authorities that an airplane is carry-
ing liquor across the boundary to
American coast cities as far south as
San Francisco, according to a state-
ment by local officials. It is believed
narcotics compose part of the cargoes
carried.

Veterans of the Armies of the '60s
Have Right to Be Proud of
Glorious Emblem.

The world is too much with us,
therefore it is well that we pause a
moment and let memory stir the pulse
with thoughts of things that have
been. After these many years only
a handful of actual participants in
the struggle of the '60s are left. The
little bronze button of the G. A. R.
is less frequently noted on our streets.
The men who wear it are old and

feeble, but not the less proud of their
decoration—the emblem of their Le-
gion of Honor. The men who wear it
were not cowards nor slackers.

Dearer to them than the right to live,
Was the right to die in their country's
cause.

MICKIE SAYS

ONE OF THE BEST BUSINESS
MEN IN TOWN SAID IN HERE TH'
OTHER DAY, "CONDUCTING A
BUSINESS WITHOUT ADVERTISING
IS LIKE RUNNING A CAR ON LOW-
IT CAN BE DONE, BUT WHO
WANTS TO TRAVEL ON
LOW?"

Stanford University will give courses
in the law school during the summer
quarter, meeting the requirements of
men just beginning their professional
studies, to practicing attorneys who
wish to do special work in practical
fields.

OIL IS KING

Much interest is being shown
in the operations of the Trigonon
Oil Company of California, about
five miles south of Los Gatos and
near the highway to Santa Cruz,
because of its bearing on the fu-
ture oil development in this por-
tion of the state.

Being within fifty miles of San
Francisco, it opens important oil
producing possibilities for the bay
region.

This company now has two wells
producing, and two more wells
along toward that goal. One of
these has just been completed at
1165 feet and will be put on the
pump with the 10-inch casing
that is now being pulled to be
used in drilling another well is re-
moved. They are now working
with a Columbia rig to recover an
old well that flowed 100 barrels a
day when drilled about 40 years
ago, but which was put out of
commission through loss of tools
and has been sanded up for years.
A good production is anticipated
from this well when it is recover-
ed.

Drilling will soon be commenc-
ed on a new well for which a derrick
has already been erected, and
others are planned to follow
without undue delay.

The oil in this field tests 44 de-
grees Baume, and has a gasoline
content of about 45 per cent. The
Trigonon company has a small
plant at which it is making gaso-
line of 60 degree gravity, which
is in good demand locally because
of its exceedingly fine quality.

Pasadena capitalists have ac-
quired a large acreage adjoining
the Trigonon company and erect-
ed a 112-foot derrick preliminary
to beginning drilling operations.

This territory is shallow so far
as developed, the best sand yet
encountered being found at from
1000 to 12000 feet. No deep tests
have yet been drilled, although
that is now in contemplation.

Fancy stationery? See Smith.

LANDS OPEN TO SERVICE MEN

Washington—Lands in the Santa Fe
district, New Mexico, totalling 1,999,000
acres, have been opened for entry
by the Department of the Interior and
forty-seven applications were approved
under the stockraising homestead
laws. The remainder of the land is
available for entry under a sixty-three
day priority for former service men.

Eddie Rickenbacker, American
"ace of aces," will carry with him
on his transcontinental flight a mes-
sage to President Harding from Fre-
mont Post, No. 52, American Legion.
The message will ask that the Pres-
ident give a guarantee that prompt
and adequate Congressional action
will be taken on the claims of dis-
abled ex-service men.
